

USWN810B(DC)  
USWN810BE(AC)

### FEATURES

- Debris, mold and bacteria be prevented from sticking to ceramic surfaces, leading to fewer chemicals and water in cleaning .
- Skirted design for easy cleaning .
- Automatic flush every twenty four hours if not used .

### USWN810B USWN810BE Automatic Urinals

### SPECIFICS

- Size: 1020\*380\*390mm
- Applicable Water Pressure: 0.1MPa(dynamic pressure) ~ 0.75MPa(static pressure)
- Nominal water consumption: 1.5L
- Water efficiency grade: Grade 2
- Water inlet mode: rear inlet
- Installation mode: floor type
