FEATURES

- Integral design of inductor and urinal building more stylish public space
- Low height design, meet the needs of more people
- With CeFiONtect and smooth surface exceeding nanometer-class designed for providing , no gap to contain adhered stain and ensuring easier cleaning , without need of excessive water and cleaning agent
- Inductive flush without contact during the whole process, secure and sanitary for use
- An automatic flushing every 24 hours, embodying a more considerate design
- The control part is on the top of the product, easy for maintenance

SPECIFICS

Size:380*420*920mm

Water supply:
0.07MPa(Dynamic Pressure)~
0.75MPa(Static Pressure)

Water flush:0.5L

Water efficiency grade:
Grade 1

Water inlet model:

Rear water spout

Sensing distance:

In 650mm away from the
front of inductive window

Installation: Wall-mount
