

PRODUCT SPECIFICATIONS

Silent style, quiet space, minimalist life, simple ecology, low saturation colors, natural colors and textures, multi-size options.

FEATURES

- The large ceramic integrated washbasin is both wide and deep, easy to use, and not easy to splash .
- The drain comes with a hair collector, so there is no trouble with clogging .
- The faucet pull-out design makes it easy to clean hard-to-clean areas such as corners.
- The combination of three drawers, all with cushioning and damping, makes reasonable use of every inch of space and realizes large space storage.
- The use of environmentally friendly multi-layer solid wood boards, more assured to use .
